## APPLICATION

Peak offers a comprehensive range of trailer lights and electrical components to provide the trailer manufacturer with a wide choice to suit most application. We keep an extensive range of lighting boards, which offer a quick method for attaching lights to trailers. They come complete with cable and plug, wired ready for use. Also supplied are individual lights, reflectors, cables, etc for more special applications. Our range covers the most basic legal UK requirements to the more comprehensive overseas standard. *Please ask our Technical Department for assistance.*

Item 14 is a lighting pod kit which is specially designed to fit our range of General Purpose Trailer kits.

Due to the enormous amount of variations in lights and accessories, only the most frequently used items are shown in our photograph and price list, however, a complete range is available ex-stock from our Factory shop. *Please ask our Factory Shop for assistance.*
